

**JESUS FOCUS 2020**  
**SOME AREAS TO FOCUS ON!**

**THE BIBLE AND GUIDANCE:** Meditate on the events surrounding the second coming of Jesus Christ, thinking about what is happening in the world right now. Study the Flood in Genesis and correlate that event with all that is to happen *before* the Millennium. Look for wisdom in the Old Testament where truths are revealed that non-Christian scientists have now worked out - that agree with the Bible – BECAUSE God – Father, Son, and Holy Spirit were there in the beginning, creating everything! Rejoice in the discovery in Israel of ‘proofs from the past’ – archaeological and artefacts. Revel in the eternal security that surrounds those of us who are born-again believers – Hallelujah! And don’t let us forget that there is so much to be discovered when we study prophecy! It is good to be prepared.

**AREAS IN THE WORLD WHERE HELP IS URGENTLY NEEDED:** There is much work yet to be done! A homeless woman recently gave birth to twins outside Trinity College, one of the wealthiest Colleges in the world. Did you know that the new Down’s Syndrome test has led to a 30% decrease in births? The shame of such a statistic, for a Christian country? But let us rejoice that the long discussed Scots named person scheme has now been abandoned, and that parents can continue to have their say about their children’s lives. Have you heard that there is another Gospel presently being preached? An aggressive green one. But there is only one Gospel, of redemption through the spilled blood of Jesus Christ! And concerning abortion, did you know that in 2019, it was the largest cause of death in the world?

**ISRAEL:** The enemy is roaring because Jesus is coming to take up His rightful place in Israel for the Millennium! Even ‘charities’ can be against Israel and exhibit anti-Semitism – such as Amnesty International. Turkey is becoming a hotbed of Hamas. Hezbollah sides with Iran and vows to attack Israel. But there is some good news! Heavy rains are topping up necessary water supplies in the Kinneret etc.

**WISDOM:** A quote from Dr Alec Passmore: “As we mark the progress of Western Culture, we ponder, ‘How long before the Godly are all locked up in prison so the ungodly can run the planet?’” And finally, for now, let us remember a Canadian missionary who was dying of cancer, leaving behind her husband and children, when she said that she had learned to live her life with an open palm before God – so that he could give to her, and could also take from her.
